

ORDINANCE NO. 1007

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF NORCO, CALIFORNIA ADOPTING MODIFICATIONS TO THE WATER CONSERVATION PROGRAM, AND AMENDING SECTION 14.04.720. CODE CHANGE 2016-04.

WHEREAS, the City of Norco ("City") owns and operates a public water system, serves more than 3,000 customers, is considered an "urban water supplier" as defined in Water Code section 10617, and is subject to the Urban Water Management Planning Act; and

WHEREAS, California is currently in the fifth year of a significant drought resulting in severe impacts to California's water supplies and its ability to meet all of the demands for water in the state; and

WHEREAS, Governor Edmund G. Brown, Jr. declared a state of emergency on January 17, 2014, and due to continuing dry conditions, a continued state of emergency was declared on April 1, 2015; and

WHEREAS, Water Code section 1058.5 grants the State Water Resources Control Board ("SWRCB") the authority to adopt emergency regulations in years when the Governor has declared an emergency based upon water shortage conditions; and

WHEREAS, on July 15, 2014 and May 5, 2015, the SWRCB formally adopted emergency rulemaking to enact emergency regulations for urban water suppliers; and

WHEREAS, the emergency regulations adopted by the SWRCB prohibit certain types of potable water use, order all urban water suppliers to implement mandatory conservation measures, and order water suppliers with 3,000 or more service connections to provide monthly data on water production; and

WHEREAS, On May 9, 2016, Governor Brown issued an executive order that directs the SWRCB to adjust and extend the emergency water conservation regulations through the end of January 2017 in recognition of differing water supply conditions for many communities; and

WHEREAS, on May 18, 2016, the SWRCB formally adopted additional emergency regulations to permanently prohibit certain water wasting activities; and

WHEREAS, the Public Works Department is seeking City Council approval to adopt required modifications to the City's Water Conservation Program Ordinance in order to be in compliance with current SWRCB guidelines.

NOW THEREFORE, IT IS HEREBY ORDAINED by the City of Norco that the Municipal Code be amended, effective immediately, as follows:

Section 14.04.700 Declaration of Necessity and Intent.

The City of Norco water supplies are required to be put to their maximum beneficial use. Water conservation is required even in the best of times, and wasteful or unreasonable uses must be prevented. Water conservation must be practiced so that adequate and reliable water supplies are available to serve customers of the City. The provisions of Section 14.04.700 shall supercede any inconsistent provisions of the Municipal Code.

Established the following five (5) Water Shortage Response Levels to be implemented in response to worsening water shortage conditions or decreasing water supplies:

Level 1 – Water Shortage Watch. Use restrictions are based on Ordinance 397, Water Conservation, Chapter XXI, Section 14.04.650 of the Norco Municipal Code.

Level 2 – Water Shortage Caution. Use restrictions are mandatory with a conservation target of up to 20%.

Level 3 – Water Shortage Alert. Use restrictions are mandatory with a conservation target of up to 30%.

Level 4 – Water Shortage Critical. Use restrictions are mandatory with a conservation target of up to 40%.

Level 5 – Water Shortage Emergency. Use restrictions are mandatory with a conservation target of more than 50%.

During Water Shortage Response Levels 2 – 5, violations of the water use restrictions cited in this Water Conservation Program and Water Allocation Targets listed in Water Shortage Levels 4-5 set forth in Section 14.04.770.

Section 14.04.710 Application of Regulation.

These regulations shall apply to all customers, water users, and premises served by the City of Norco, wherever situated, and shall also apply to all premises and facilities owned, maintained, operated, administered, or under the jurisdiction of the City.

14.04.720 Water Conservation and Unreasonable Uses of Water.

- a. It shall be unlawful at any time for any Person to make, cause, or use or permit the use of water from the City for residential, commercial, industrial, institutional, agricultural, irrigation, governmental, or any other purpose in a manner contrary

to any mandatory provision of this resolution, or in an amount in excess of that use permitted by the Water Shortage Response Levels which are in effect pursuant to this resolution or by action taken by the City Council in accordance with this resolution. The water conservation and supply shortage response measures set forth in this section shall be in effect at all times and subject to the penalties herein.

b. To prevent the waste and unreasonable use of water and to promote water conservation, each of the following actions is prohibited, except where necessary to address an immediate health and safety need or to comply with a term or condition in a permit issued by a state or federal agency:

1. The application of potable water to outdoor landscapes in a manner that causes runoff such that water flows onto adjacent property, non-irrigated areas, private and public walkways, roadways, parking lots, or structures;
2. The use of a hose that dispenses potable water to wash a motor vehicle, except where the hose is fitted with a shut-off nozzle or device attached to it that causes it to cease dispensing water immediately when not in use;
3. The application of potable water to driveways and sidewalks;
4. The use of potable water in a fountain or other decorative water feature, except where the water is part of a recirculating system;
5. Watering lawns and/or groundcovers and irrigating landscaping between the hours of 8:00 a.m. and 8:00 p.m.
6. The application of potable water to outdoor landscapes during and within 48 hours after measurable rainfall;
7. The serving of drinking water other than upon request in eating or drinking establishments, including but not limited to restaurants, hotels, cafes, cafeterias, bars, or other public places where food or drink are served and/or purchased;
8. The irrigation with potable water of ornamental turf on public street medians; and
9. The irrigation with potable water of landscapes outside of newly constructed homes and buildings in a manner inconsistent with regulations or other requirements established by the California Building Standards Commission and the Department of Housing and Community Development.

- c. To promote water conservation, operators of hotels and motels shall provide guests with the option of choosing not to have towels and linens laundered daily. The hotel or motel shall prominently display notice of this option in each guestroom using clear and easily understood language.
- d. Immediately upon this subdivision taking effect, all commercial, industrial and institutional properties that use a water supply, any portion of which is from a source other than a water supplier subject to section 864.5 or 865 of this article, shall either:

 - 1. Limit outdoor irrigation of ornamental landscapes or turf with potable water to no more than two days per week; or
 - 2. Target potable water use reductions commensurate with those required of the nearest urban water supplier under section 864.5 or, if applicable, section 865. Where this option is chosen, these properties shall implement the reductions on or before July 1, 2016.
- e. The taking of any action prohibited in subdivision (b) or (f), or the failure to take any action required in subdivision (c) or (d), is an infraction punishable by a fine of up to five hundred dollars (\$500) for each day in which the violation occurs. The fine for the infraction is in addition to, and does not supersede or limit, any other remedies, civil or criminal.
- f.(1) To prevent the waste and unreasonable use of water and to promote water conservation, any homeowners' association or community service organization or similar entity is prohibited from:

 - a. Taking or threatening to take any action to enforce any provision of the governing documents or architectural or landscaping guidelines or policies of a common interest development where that provision is void or unenforceable under section 4735, subdivision (a) of the Civil Code; or
 - b. Imposing or threatening to impose a fine, assessment, or other monetary penalty against any owner of a separate interest for reducing or eliminating the watering of vegetation or lawns during a declared drought emergency, as described in section 4735, subdivision (c) of the Civil Code.
- f.(2) As used in this subdivision:

 - a. "Architectural or landscaping guidelines or policies" includes any formal or informal rules other than the governing documents of a common interest development.

- b. "Homeowners' association" means an "association" as defined in section 4080 of the Civil Code.
 - c. "Common interest development" has the same meaning as in section 4100 of the Civil Code.
 - d. "Community service organization or similar entity" has the same meaning as in section 4110 of the Civil Code.
 - e. "Governing documents" has the same meaning as in section 4150 of the Civil Code.
 - f. "Separate interest" has the same meaning as in section 4185 of the Civil Code.
- f.(3) If a disciplinary proceeding or other proceeding to enforce a rule in violation of subdivision f.(1) is initiated, each day the proceeding remains pending shall constitute a separate violation of this regulation.
- g. A Water Shortage Response Level shall be determined by the City Council in accordance with the provisions of the Water Conservation Program. A Water Shortage Response Level shall remain in full force and effect until otherwise determined or discontinued by resolution of the City Council.
 - h. The City may declare a Water Shortage Emergency (Level 5) during any Water Shortage Response Level.
 - i. During Water Shortage Response Levels Two (2) through Five (5), the water conservation and supply shortage response measures are mandatory, and violations are subject to administrative, civil, and criminal, penalties and remedies as specified in this resolution and by State law.

14.04.730 Water Shortage Response Level 1 – Water Shortage Watch Condition.

- a. A Water Shortage Response Level 1 condition is also referred to as a "Water Shortage Watch" condition. A Level 1 condition applies when the City Council requests all water users to voluntarily reduce their water use up to ten (10) percent to ensure that sufficient supplies will be available to meet anticipated demands. The City Council shall declare the existence of a Water Shortage Response Level 1 by the adoption of a resolution, and the City Manager or designee shall implement the Level 1 conservation practices,

- b. During a Level 1 Water Shortage Watch condition, the City shall increase its public education and outreach efforts to enhance awareness of the need to implement the following water conservation practices:
1. Do not use water to wash down sidewalks, driveways, parking areas, tennis courts, patios, or other paved areas, except to alleviate immediate safety or sanitation hazards.
 2. Adjust sprinklers and irrigation systems to avoid overspray, runoff, and waste. Customers should also avoid watering on windy days.
 3. Irrigate all landscapes before dawn, if possible, but never between 8:00 a.m. and 8:00 p.m. Use a hand-held hose equipped with a positive shut-off nozzle or bucket to water landscaped areas that are not irrigated by a landscape irrigation system.
 4. Agricultural users are requested to reduce water usage and to consult with the local Resource Conservation District as needed or industry associations in their area for appropriate water conservation measures and to implement them as soon as possible.
 5. Residents are urged to design and install water-wise landscaping utilizing native and other drought-tolerant plant materials and minimize turf areas for permanent water conservation.
 6. Developers of commercial properties are urged to design and install water-wise landscaping utilizing native and other drought-tolerant plant materials and minimize turf areas for permanent water conservation, as required by City landscape ordinances.
 7. Install water-saving devices in indoor plumbing.
 8. Check faucets, toilets, and pipes, both indoors and outdoors, for leaks and repair them immediately.
 9. Use re-circulated water to operate decorative fountains, ponds, lakes or other similar aesthetic structures.
 10. Wash motor vehicles, trailers, boats, and all other mobile equipment using a bucket or a hand-held hose with a positive shut-off nozzle, mobile high-pressure/low-volume wash system, or at a commercial site that re-circulates (reclaims) water onsite. Avoid washing during hot conditions when additional water is required due to evaporation.

11. Restaurants or other public places where food is served shall not serve drinking water to any customer unless requested by a customer.
12. Irrigation is prohibited during and for 48 hours after any measurable rainfall.
13. Operators of hotels and motels must provide guests with the option of choosing not to have towels and linens laundered daily. The hotel or motel shall prominently display notice of this option in each guestroom using clear and easily understood language.

14.04.740 Water Shortage Response Level 2 – Water Shortage Caution Condition.

- a. A Water Shortage Response Level 2 condition is also referred to as a “Water Shortage Caution” condition. A Level 2 condition applies when the City Council mandates all water users to reduce their water use more than ten (10) percent and up to twenty (20) percent to ensure that sufficient supplies will be available to meet anticipated demands. The City Council shall declare the existence of a Water Shortage Response Level 2 by the adoption of a resolution, and the City Manager or his/her designee shall implement the Level 2 conservation practices.
- b. All persons using water provided from the City shall comply with Level 1 “Water Shortage Watch” water conservation practices during a Level 2 water shortage and shall also comply with the following additional conservation measures:
 1. Whether irrigated with potable or non-potable water, limit all ornamental and turf irrigation to four (4) days per week for no more than ten (10) minutes per station per day. This provision does not apply to functional turf areas such as athletic fields at schools and parks.
 2. Ornamental landscape or turf that utilizes properly operating water-efficient devices which include, but are not limited to, drip/micro irrigation systems, stream rotor sprinklers, and are operated by a functional irrigation controller, may upon verification by the City or its representative, be irrigated for up to thirty (30) minutes per station on the days authorized for landscape irrigation.
 3. Verification and repair of all leaks shall occur within seventy-two (72) hours of notification by the City unless other arrangements are approved by the City Manager or designee.

14.04.750 Water Shortage Response Level 3 – Water Shortage Alert Condition.

- a. A Water Shortage Response Level 3 condition is also referred to as a “Water Shortage Alert” condition. A Level 3 condition applies when the City Council mandates all water users to reduce their water use more than twenty (20) percent and up to thirty (30) percent to ensure that sufficient supplies will be available to meet anticipated demands. The City Council shall declare the existence of a Water Shortage Response Level 3 by the adoption of a resolution, and the City Manager or designee shall implement the Level 3 conservation practices.
- b. All persons using water provided from the City shall comply with Level 1 “Water Shortage Watch” and Level 2 “Water Shortage Caution” conservation practices during a Level 3 “Water Shortage Alert” condition and shall also comply with the following additional mandatory conservation measures:
 1. Whether irrigated with potable or non-potable water, limit all ornamental and turf irrigation to three (3) days per week for no more than ten (10) minutes per station per day.
 2. Ornamental landscape or turf that utilizes properly operating water-efficient devices which include, but are not limited to, drip/micro irrigation systems, stream rotor sprinklers, and are operated by a functional irrigation controller, may upon verification by the City or its representative, be irrigated for up to twenty (20) minutes per station on the days authorized for landscape irrigation.
 3. The following irrigation schedule will be implemented and enforced: odd addresses (the last digit is an odd number) may irrigate on Monday, Wednesday and Friday. Even addresses (the last digit is an even number) may irrigate on Tuesday, Thursday and Saturday. There will be no authorized landscape irrigation on Sunday.
 4. An alternative three (3)-day schedule may be requested for irrigation of functional turf areas at schools and parks.
 5. Vehicles may only be washed at commercial carwashes that recirculate water or by high-pressure/low-volume wash devices.
 6. Potable water may not be used for construction purposes. Non-potable and/or recycled water must be utilized.
 7. Verification and repair of all leaks shall occur within forty-eight (48) hours of notification by the City.

14.04.760 Water Shortage Response Level 4 – Water Shortage Critical Condition.

- a. A Water Shortage Response Level 4 condition is also referred to as a “Water Shortage Critical” condition. A Level 4 condition applies when the City Council mandates all water users reduce their water use more than thirty (30) percent and up to forty (40) percent to ensure that sufficient supplies will be available to meet anticipated demands. The City Council shall declare the existence of a Water Shortage Response Level 4 by the adoption of a resolution, and the City Manager or designee shall implement the Level 4 conservation practices identified in this ordinance.
- b. All persons using water provided by the City shall comply with Level 1 “Water Shortage Watch,” Level 2 “Water Shortage Caution,” and Level 3 “Water Shortage Alert” conservation practices during a Level 4 “Water Shortage Critical” condition and shall also comply with the following additional mandatory conservation measures:
 1. Whether irrigated with potable or non-potable water, limit all irrigation to two (2) days per week for no more than ten (10) minutes per station per day. Exemptions include:
 - a. Maintenance of existing landscaping necessary for fire protection as specified by the Fire Marshal of the local fire protection agency having jurisdiction over the property to be irrigated. If fire protection landscaping is not sustainable by irrigation two (2) days per week, irrigation may be increased to not more than three (3) days per week;
 - b. Maintenance of existing landscaping for erosion control may be irrigated up to three (3) days per week;
 - c. Watering of livestock and other animals;
 - d. Public works projects that support public health and safety; and
 - e. Actively irrigated environmental mitigation projects
 2. Ornamental landscape or turf that utilizes properly operating water-efficient devices which include, but are not limited to, drip/micro irrigation systems, stream rotor sprinklers and are operated by a functional irrigation controller, may upon verification by the City or its representative, be irrigated for up to ten (10) minutes per station on the days authorized for landscape irrigation.

3. The following irrigation schedule will be implemented and enforced: odd addresses (the last digit is an odd number) may irrigate on Monday and Thursday. Even addresses (the last digit is an even number) may irrigate on Tuesday and Friday. There will be no authorized landscape irrigation on Wednesday, Saturday, and Sunday.
- c. Upon the declaration of a Water Shortage Response Level 4 Water Shortage Critical condition, no new temporary construction meters shall be provided, no statements of immediate ability to serve or provide potable water service such as letters ("Will Serve") of water availability shall be issued. No new potable water services or meters shall be provided, except under the following circumstances:
 1. A valid, unexpired building permit has been issued for a portion of a project for which construction is in progress.
 2. The project is necessary to protect the public's health, safety, and welfare as determined by the City Council; or
 3. The applicant provides substantial evidence to the satisfaction of the City of an enforceable commitment that water demands for the project will be offset by one hundred twenty-five (125%) percent prior to the provision of a new water meter(s). This provision shall not be construed to preclude the resetting or turn-on of meters to provide continuation of water service or to restore service that has been interrupted for a period of one year or less.
 - d. Upon the declaration of a Water Shortage Response Level 4 condition, the City will suspend consideration of annexations to its service area, unless the annexation increases the water supply available to the City by more than the anticipated demands of the property to be annexed
 - e. To increase conservation, the City may establish a water allocation for property served. The following method will be utilized which accounts for general public health and safety.
 1. Residential and Multi-family Customers
 - a. The City Council will determine the Water Allocation Target percentage for residential accounts in the resolution adopting a Level 4 "Water Shortage Response."
 - b. This calculation will not apply to any residential account that uses less than ten (10) units in the billing period to ensure water is provided for public health and safety. A residential Water Allocation Target will be calculated for each

account by comparing the current billing period usage to the same period in the previous year.

- c. If the residential account uses more water than the Water Allocation Target amount, a penalty will be applied as noted in Article 9.

2. Commercial Customers

- a. The City Council will determine the Water Allocation Target percentage for Commercial accounts in the resolution adopting a Level 4 “Water Shortage Response.”
- b. A Commercial Water Allocation Target will be calculated for each account by comparing the current billing period usage to the same period in the previous year.
- c. If the Commercial account uses more water than the Water Allocation Target amount, said commercial account shall be subject to the penalties set forth herein.
- d. Dedicated irrigation accounts must reduce their usage by a minimum of fifty percent (50%). The amount may be adjusted by a resolution of the Board of Directors as deemed necessary to meet water supply demands.
- e. An application may be made to the City Council for a variance from the Water Allocation Target.

14.04.770 Water Shortage Response Level 5 – Water Shortage Emergency Condition.

- a. A Water Shortage Response Level 5 condition is also referred to as a “Water Shortage Emergency” condition. A Level 5 condition applies when the City Council declares a water shortage emergency pursuant to California Water Code section 350, et seq. or due to other increasing reductions in the City’s water supplies resulting in a shortage of more than forty (40) percent. Customers are required to reduce their water consumption more than forty (40) percent to ensure that sufficient supplies will be available to meet anticipated demands. The City Council shall declare a Water Shortage Emergency in the manner and on the grounds provided in California Water Code section 350, et seq. The City Council shall declare the existence of a Water Shortage Response Level 5 by the adoption of a resolution, and the City Manager or designee shall implement the Level 5 conservation practices.
- b. All persons using water provided from the City shall comply with conservation measures required during Level 1 “Water Shortage Watch,” Level 2 “Water

Shortage Caution,” Level 3 “Water Shortage Alert,” and Level 4 “Water Shortage Critical” conditions and shall also comply with the following additional mandatory conservation measures:

- c. To increase conservation, the City may establish a water allocation for the property served. The following method will be utilized which accounts for general public health and safety.

1. Residential and Multi-family Customers

- a. The City Council will determine the Water Allocation Target percentage for residential accounts in the resolution adopting a Level 5 “Water Shortage Response.”
- b. This calculation will not apply to any residential accounts that use less than ten (10) units in the billing period to ensure water is provided for public health and safety.
- c. A residential Water Allocation Target will be calculated for each account by comparing the current billing period usage to the same period in the previous year.
- d. If the residential account uses more water than the Water Allocation Target amount, said residential accounts shall be subject to the penalties set forth herein.

2. Commercial Customers

- a. The City Council will determine the Water Allocation Target percentage for Commercial accounts in the resolution adopting a Level 5 “Water Shortage Response.”
- b. A Commercial Water Allocation Target will be calculated for each account by comparing the current billing period usage to the same period in the previous year.
- c. If the Commercial account uses more water than the Water Allocation Target amount, said commercial account shall be subject to the penalties set forth herein.
- d. Dedicated irrigation accounts must reduce their usage by fifty percent (50%). The amount may be adjusted by a resolution of the City Council as deemed necessary to meet water supply demands.

- e. An application may be made to the City Council for a variance from the Water Allocation Target.

14.04.780 Procedures for Determination and Notification of Water Shortage Response Level.

- a. City Manager shall monitor water shortage conditions and regulations, as well as evaluate the supply and demand for water by its customers, and shall recommend the Water Shortage Response Level to be declared by the members of the City Council by Resolution.
- b. Upon declaration by the City Council of the existence of a Water Shortage Response Level 1 “Watch” condition the City shall post notice of the condition on its website.
- c. Upon declaration by the City Council of the existence of Water Shortage Response Level 2 “Water Shortage Caution,” Level 3 “Water Shortage Alert,” Level 4 “Water Shortage Critical”, or Level 5 “Water Shortage Emergency”, the mandatory conservation measures applicable to Water Shortage Response Levels 2, 3, 4, or 5 conditions shall take effect on the tenth (10) day after the date the response level is declared or as required by State law. If the City establishes a water allocation in response to a Water Shortage Response Level 2, 3, 4, or 5 condition, it shall provide notice of the allocation by including it in the regular billing statement for the fee or charge or by any other mailing to the address to which the City customarily mails the billing statement for fees or charges for ongoing water service. The City shall also post notice on the City’s website. Water allocation shall be effective on the fifth (5) day following the date of mailing or at such later date as specified in the notice.
- d. The City Council may declare an end to a Water Shortage Response Level by the adoption of a Resolution at any regular or special meeting.

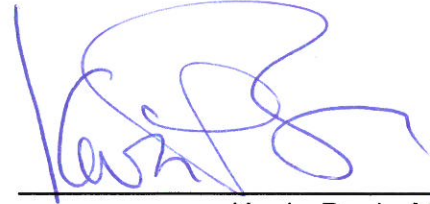

14.04.790 Violations and Penalties.

- a. Any person, who uses, causes to be used, or permits the use of water in violation of Sections 14.04.700 through 14.04.760 is guilty of an offense punishable as provided herein.
- b. The City will make a reasonable effort to assist customers with compliance. Reasonable efforts include, but are not limited to, personal contact, door hanger, letter, email and via telephone whenever possible to notify customers of any violation.
- c. Each day that a violation of this ordinance occurs is a separate offense.

- d. Civil penalties shall be imposed for each violation including both water use restrictions specifically cited in this Program in Water Shortage Levels 2-5 and Water Allocation Target violations as listed in Water Shortage Levels 4-5 as follows:
1. Twenty five dollars (\$25.00) for a first violation. Water usage between 1-20 units in excess of the Water Allocation Target during a single billing cycle shall also constitute a first violation.
 2. Fifty dollars (\$50.00) for a second violation of any provision of this resolution within one year of the date of the first violation. Water usage between 21-50 units in excess of the Water Allocation Target during a single billing cycle shall also constitute a second violation.
 3. One hundred dollars (\$100.00) for a third violation of this resolution within one year of the date of the first violation. Water usage between 51-100 units in excess of the Water Allocation Target during a single billing cycle shall also constitute a third violation.
 4. Two hundred dollars (\$200.00) for a fourth violation of this resolution within one year of the first violation. Water usage between 101-300 units in excess of the Water Allocation Target during a single billing cycle shall also constitute a fourth violation.
 5. Five hundred dollars (\$500.00) for a fifth violation of this resolution within one year of the first violation. Water usage over 300 units in excess of the Water Allocation Target during a single billing cycle shall also constitute an additional violation, in excess of four.
 6. When a civil penalty is to be imposed, the customer will be given written notice of the penalty to be imposed. Within seven (7) days after delivery of such notice, the customer may submit a written request to the City requesting a hearing by the City Manager or designee and an opportunity to present evidence that a violation has not occurred. Within seven (7) business days after the hearing, the City Manager or designee shall render a decision in writing to the customer that requested the hearing. Upon receipt of the written decision, the customer shall have seven (7) days to appeal the decision to the City Council. The City Council shall then schedule the matter for consideration at a regular or special meeting of the City Council and render its decision, which shall be a final decision.
- e. Violation is further subject to enforcement through the installation of a flow-restricting device at the meter.

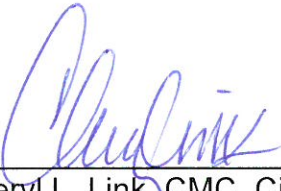

- f. In addition to the above civil penalties, each violation of this code is subject to Chapter 1.04 of the Municipal code.
- g. Willful violations of the mandatory conservation measures and water-use restrictions applicable during a Level 5 Water Shortage Emergency condition may be enforced by discontinuing service to the property at which the violation occurs.

PASSED AND ADOPTED by the City Council at a regular meeting held on September 21, 2016.

Kevin Bash, Mayor
City of Norco, California

ATTEST:

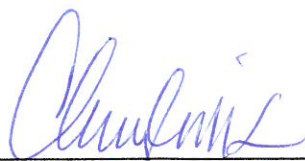

Cheryl L. Link, CMC, City Clerk
City of Norco, California

I, CHERYL LINK, CMC, City Clerk of the City of Norco, California, do hereby certify that the foregoing Ordinance was introduced at a regular meeting of the City Council of the City of Norco, California, duly held on September 7, 2016 and thereafter at a regular meeting of said City Council duly held on September 21, 2016, it was duly passed and adopted by the following vote of the City Council:

AYES: BASH, GRUNDMEYER, HANNA, HOFFMAN, NEWTON
NOES: NONE
ABSENT: NONE
ABSTAIN: NONE

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the City of Norco, California, on September 21, 2016.

Cheryl L. Link, CMC, City Clerk
City of Norco, California
